

SIXTEEN (16) STORIES. FEMINISTS. DAYS 2023 CAMPAIGN COLLABORATIVE PARTNER

ABOUT THE CAMPAIGN

The Sixteen (16) Stories campaign began in 2020. In recognition and celebration of the global initiative, *16 Days Campaign*, the collaboration invites everyone who engaged with feminist activism throughout the year of 2023 to submit their stories and join us in building community and amplification around the purpose of activism, change, eliminating gender based violence (GBV) and promoting peace, safe and secure communities. The collecting of stories can be found at shecollectiveinc.com/sixteen-stories
